

Final Project Presentation: BYOP

Project Name:

Student Name(s):

Rater's Name (optional):

Ratings:

Question	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
The Design					
The student(s) could articulate the goals for their design:	1	2	3	4	5
The student(s) could talk meaningfully about their design process:	1	2	3	4	5
The student(s) could talk meaningfully about a challenge they faced in design:	1	2	3	4	5
The student(s) could meaningfully articulate their next steps in design would be:	1	2	3	4	5
The Implementation					
The student(s) could describe their overall software structure:	1	2	3	4	5
The student(s) could talk in depth about the implementation of one particular feature:	1	2	3	4	5
The Interface					
The interface feels usable for its stated goals:	1	2	3	4	5
The interface feels responsive to use input:	1	2	3	4	5
The interface is visually attractive:	1	2	3	4	5
